

Debugging Recap

What we did for the last 45 minutes

- Discussed JTAG basics
 - Including a peek at SWD
- Covered ADRv5 + MEM-AP
- RISC-V JTAG
 - Including RP2350

There's Lots More

Always something new to learn

- Hardware Breakpoints
- Multi-drop SWD
- Protocol Initiation
- Protocol Recovery
- Other Debug Protocols
 - JTAG-PDI / WCH Link / BDM
- Tracing
